

Course Overview

This is a two-day, hands-on intensive workshop. Participants will learn compensatory hands-on techniques for tonic bite, slow oral transit, tongue thrust, and gag. The participants will practice over 50 specific intervention strategies for improving facial muscle function for eating and speech. Additional topics of discussion may include: goal writing, diet texture progression, tube to oral issues, adaptive mealtime utensils, oral hygiene issues, medication administration issues, oral function for individuals with trachs, facilitating improved articulation through oral motor techniques, research issues, videofluoroscopy issues for motorically involved individuals, and additional topics of importance as determined by the participants.

Course Objectives:

Upon completion Participants will be able to:

- 1) Demonstrate assessment battery for determining orofacial movement patterns using the Beckman protocol.
- 2) Demonstrate compensatory handling techniques.
- 3) Demonstrate oral motor interventions and treatment techniques.
- 4) Recognize how to screen for potential referral candidates.
- 5) Identify the results of the techniques discussed.

Preparation:

You will be working with the fragile tissues of the oral area; for safety reasons, therapeutic nail length is a must. Attendees are asked to bring a large handheld mirror. A DVD of a case study is welcomed for discussion.

Registration Fee

\$450 – Group and Individual Early Registration: Per person rate. 30 days or more in advance.
\$475 – Group Registration: Per person rate. Two (2) or more therapists from the same facility registering at the same time on the same check, money order, or credit card, less than 30 days in advance.
\$500 – Standard Registration: One (1) therapist registering less than 30 days in advance.

There is a \$30 processing fee for any cancellation 15 days or more prior to the conference date. No refunds will be given for cancellations within 14 days of the conference date. Registration may be moved to a future conference or another individual free of charge with a written request.

**Learn the Beckman Oral Motor
Assessment and Intervention
Protocol in a 2-day hands-on
intensive workshop**

March 12-13, 2010
Friday/Saturday

Conference host:

www.nhcs.org

Location:

**Nash Health Care
Main Hospital Auditorium
2460 Curtis Ellis Drive
Rocky Mount, NC 27804**

Airport:

Raleigh-Durham Int'l Airport (RDU)
www.rdu.com

Travel estimates: 1 hour 15 minutes/68 miles

Hotel Accommodations:

Doubletree Hotel (252) 937-6888
651 N Winstead Ave, Rocky Mount, NC 27804
Across the street from Hospital and very nice.
Receive a special rate of \$69 plus tax per night
by saying, "Nash Health Care," when registering.

Dining:

Texas Steak House and Outback within walking
distance. Cracker Barrel about two miles. Just a
few miles away you can find Honey Baked ham
and fast food places. The hospital has a snack
shop and a cafeteria.

Parking & Directions:

Parking is complimentary. Once you turn into
the hospital main entrance, you will come to a
traffic circle. Go ¾ of the way around (left), and
take the last right before exiting the main
entrance. There is a gravel lot on the left for
parking. The lot on the right is employee
parking. On Saturday, you may park in the
employee lot.

For driving directions from the airport email
info@beckmanoralmotor.com

Attire:

Bring a sweater or light jacket just in case you
find the conference room is chilly. Wear
comfortable shoes.

Helpful Tips:

You will be working with the fragile tissues of the
oral area. For safety reasons, therapeutic nail
length is a must.

A small free standing mirror or hand-held mirror
is great for the hands-on exercises.
